Study program guide according to the Bologna Process

Academic year 2025-2026

Academic Program Description Template

University Name: Warith Al-Anbiya University (PBUH)

College/Institute: Administration and Economics

Department: Department of Health Institutions Management

Academic or Professional Program Name: Bachelor of Health Institutions Management

Certificate Name: Bachelor of Health Institutions Management

Study System: Bologna Track for the First Stage

Date of Description Preparation: October 1, 2025

Date of File Completion: October 1, 2025

**Name of Head of
Department/Agency**

the date:

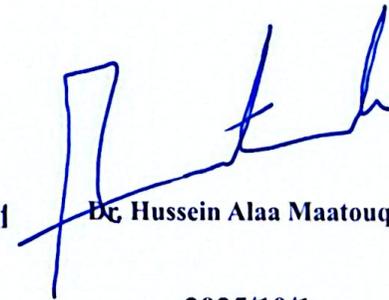

**Prof. Dr. Awad Kadhim
Al-Khalidy**

2025/10/1

**Name of the Scientil
Assistant :**

the date:

Dr. Hussein Alaa Maatouq

2025/10/1

The file was reviewed by the Quality Assurance and University Performance Division
Name of the Director of the Quality Assurance and University Performance Division: Prof. Dr. Talal
Mohammed Ali Al-Jajawi
Date: 1/10/2025

Dean's Approval
Prof. Dr. Awad Kadhim Al-Khalidy
October 1, 2025

UNIVERSITY of WARITH ALANBYIAA COLLEGE of ADMINIDTRATION and ECONOMICS		UNIVERSITY of WARITH ALANBYIAA COLLEGE of ADMINIDTRATION and ECONOMICS
DEPARTMENT of Health Organization Management		DEPARTMENT of Health Organization Management
<u>Bachelor's degree (B.Sc.) - Health Organization Management</u>	<u>2026/2025</u>	<u>Bachelor's degree (B.Sc.) - Health Organization Management</u>
<u>Program Guide</u>		
<u>1-MISSION&VISION</u>		<u>1-MISSION&VISION</u>
<p>Vision: The department seeks to have a prestigious and distinguished position in the field of health sector management at the local and international level, through development in scientific research and achieving continuous competition in providing scientific, health, administrative and educational services, and striving towards leadership in order to achieve excellence according to international standards and preparing a model of the educational process that is consistent with the global requirements of the health sector .</p> <p><u>The mission: To be a leader in the field of health sector management and integrated with other sectors, institutions and sciences, and to achieve global quality in the educational and research process, employing modern technology and participating in meeting the needs of the labor market according to national and international scientific standards. The department also seeks to provide social services by graduating qualified students with diverse skills, especially in the management of various health institutions and sectors, and supplying health institutions with scientifically, administratively and technically qualified personnel, as well as developing its teaching and research staff .</u></p>		
<u>2-PROGRAM SPECIFICATION</u>		<u>2-PROGRAM SPECIFICATION</u>
It is one of the departments specializing in the administrative, health, economic and accounting fields of the health sectors, and aims to graduate students who possess multiple skills, especially in the health sector.		
<u>3-PROGRAM GOALS</u>		<u>Third. Program Objectives</u>

1. To focus on intellectual, scientific, and administrative development through engagement with the experiences of colleges in various universities and healthcare institutions .
2. To develop administrative skills and capabilities within the college and department through program development and participation .
3. To cultivate qualified personnel capable of innovation, development, and service to the community and the healthcare sector .
4. To update educational curricula to keep pace with modern advancements in the scientific disciplines taught by the college.
5. To utilize advanced teaching methods and expand scientific research, including analytical and applied research studies and projects, and to hold regular conferences, seminars, and discussion panels addressing key contemporary administrative and healthcare issues and challenges facing the country .
6. To support and serve the community by providing administrative and healthcare consultations and studies, as well as training and development programs, to various government agencies and public and private institutions .

4-STUDENT LEARNING OUTCOMES

4-STUDENT LEARNING OUTCOMES

OUTCOMES 1: IDENTIFICATION OF COMPLEX

Graduates of the Health Institutions Management Department can work in several fields, including public and private sector institutions and companies:

- 1- The Ministry of Health and its affiliated companies and departments, applying their acquired knowledge and skills in administrative, healthcare, technical, and accounting work.
- 2- Private healthcare sectors and facilities, such as foreign and private hospitals operating in Iraq .

OUTCOMES 2: ORAL AND WRITTEN COMMUNICATION

OUTCOMES 3: LABORATORY AND FIELD STUDY

OUTCOMES 4: SCIENTIFIC KNOWLEDGE

OUTCOMES 5: DATA ANALYSIS

OUTCOMES 6: CRITICAL THINKING
